

"Recent Vision For The Church"

by Heidi Baker—9/11/11

If this vision bumps in your heart, you need to respond to it. The world is shaking, and as it shakes there are three ways we can respond:

- 1) We can live in fear
- 2) We can live in denial
- 3) Or we can be "first responders" God is looking for first responders!

In my vision, I was taken up high, high, high, and looked down on the whole globe of the earth. And the Lord wants to say to you, *"Come up higher!! Come up higher!! Come up higher .. You can't see what you are called to see down here. You must come up the ladder higher, higher, higher!!"*

So, I went up and was looking down, and I saw the entire earth.

And I saw chariots of fire covering the earth. There were thousands and thousands and thousands of these fiery chariots circling the earth, and they were full of fire and full of flame. And inside the chariots sat two saints of God.

In every chariot, there were two saints of God. And the thing that struck me was they had no color—they were transparent! And He said, *"There is no hidden sin and no hidden agenda, there is no hidden anything! They are transparent. They are transparent."*

There was only one thing of color with the saints of God—one massive disproportionally huge heart. The hearts extended from shoulder to shoulder and did not fit within the cavity created for them. They were bizarrely massive hearts.

And I saw those hearts beating and beating and beating. And I looked up, and Jesus' heart was beating in rhythm with all of the saints hearts. Their hearts were all beating as one heart.

And I saw that every chariot had two white horses, and the veins on the horses' necks were bulging out and pulsing strongly, just ready to go.

There were thousands and thousands and thousands of horses and all their reins went straight up to heaven. And Jesus held all the reins to all the horses and all the chariots that circled the earth, high in His left hand. And He said to me to say to you, *"It is time to release control. Release control! Let Me have the reins!"* He said, *"He will decide, He will choose, He will call the chariots to go where they are called to go. "*

"Tell the Church, Release control to Me!" He is looking for yielded lovers.

I saw that the saints of God, absolutely could NOT hold both the reins and the sword. They had to hold the sword in front of them with two hands. And as the saints held the sword with two hands, the Lord said, *"Tell them the sword is mercy and justice. And tell them it takes two hands to hold the sword, and they **must** release control into My Hand"*

And then He raised His right Hand and as He began to lower it, He began to cry out a very loud and long "NOWWWW!"

And the saints of God got into the chariots that surrounded the planet, and they started to take off. And He asked me to ask you, *"Who will ride?"*

When I saw the chariots begin to move, I saw the glory of the Lord cover the earth as the waters cover the seas. And as the saints of God took off, the fire of God came right out of them—His fire of love. And I saw the fire of His love touch the earth. And people were healed, and saved, and set free.

I also saw pockets of the earth getting dark—a darkness like I had never seen. But I also saw the glory of the Lord covering.

He said, "Tell them, where they receive mercy, they will receive salvation; and where they reject My love there will be judgment." He said, "Tell them!! Tell them!! Tell them!!"

The Holy Spirit is starting to brand people in this hour. I saw God branding people. Who will say "yes?"

Who will be a radical lover?

Who will lay down the reins of control? Who will get into the chariot?

Who will lift the sword with two hands?

Take up the sword and let the fire fall. Say, "Yes!" to Him. Say, "Yes!" to Him. Fire! Fire! Fire! The Lord is now releasing visions. Some of you will see the spiritually dying. Some will see the mal-nourished Church. And the Lord says, "Feed them! Feed them! You're My favorite, Feed them!"

Prayer: If you feel God is putting a passion in your heart to hold the sword with two hands and to live a life of transparent, radical love, the Holy Spirit is going to put the fire of God in the saints to go. I want you to lift both hands and hold the sword up with two hands, close your eyes and focus just on Him. There will be no hype of music or anything else. Just pure raw Holy Spirit, because this is just between you and Him.

Lift your hands with that sword and God is going to start to show you:

- cities
- people groups
- nations
- Universities
- various places all over the earth

And, as you do, the fire of God is going to fall all over you from this time forth. As the fire of love captures your heart, you will see those 4.4 billion people who are starving spiritually without Jesus, fed, fed, fed, with the Blood of Jesus and with the Body of Jesus. And you are going to see the starving Church eat and drink of God. You are going to be the fearless lovers.

Right now, put your hands on your own heart and ask God to expand it—to give you a bigger heart. Put your hand over your heart and say, "Burn in me Holy Spirit. Burn with a tenacious fiery love." Now, release control over people, and things and circumstances to Him right now—to His fiery love.

The Holy Spirit is declaring, *"Now is the time when the world is shaking and the world is quaking. Lord, take the reins and send forth your radical lovers! Send them forth with courage! Send them forth and multiply, multiply, multiply!"*
